

## The Omineca Miner

VOL. V, NO. 1

HAZELTON, B. C., SATURDAY, SEPTEMBER 4, 1915

PRICE \$2.00 A YEAR

NOTABLE ACTIVITY  
IN LOCAL MINING

There is a marked increase in mining activity in the Hazelton district. The Silver Standard, one of the best-known properties of the camp, and other groups are to join the working list.

W. G. Norrie, of Trail, has been appointed superintendent of the Silver Standard. He will resume mining as soon as his force can be organized, and ore shipments will begin at once.

Prince George men have secured a bond on the Comeau group of copper claims, located on Rocher de Boule mountain, near the tramway. Work on the claims will begin as soon as a camp can be established.

Grouse mountain, in the Bulkley, is coming to the front. The Bush & Schorn property, with a big copper showing, has been bonded to R. P. Trimble and associates, for \$75,000. These operators have also taken a bond on Chas. Barrett's Grouse mountain claims. Men have been sent out to begin extensive development work.

INDIAN WAS KILLED  
SAYS CORONER'S JURY

From the evidence in the Robinson case the coroner's jury on Saturday decided that the dead Indian had met with foul play. The verdict was that the victim came to his death from wounds on the head, inflicted by a person or persons unknown.

The police inquiry has resulted in the tracing of Robinson's movements up to the hour of 2 a.m. on July 23, when he was in company with other Indians at a smokehouse a couple of miles above Hazelton. It is apparent that his death occurred between 2 and 4 a.m., but some of the Indians who are supposed to know the facts have taken to the hills, while others are unwilling to assist in solving the mystery.

Chief Minty and his staff are making every effort to unravel the tangle.

GOOD CONTRIBUTION  
TO WAR HOSPITAL

Tag Day receipts for the B. C. war hospital were as follows: Hazelton, \$38.00; New Hazelton, \$13.00; Kispiox, \$6.25; Hospital, \$5.00. The collectors were Misses Louise Astoria, Agnes Grant, Ralphena Wrinch, Eva and Grace McDougall, Kathleen Allen, Eric Richmond, Iris Graham and Gertrude Martin.

To the total of \$42.25 the board of trade added the surplus of the machine gun fund, making the district contribution for the "Life-saving Fifth" \$184.75.

## ENEMY SUBMARINES WIPED OUT

## REASON FOR CESSATION OF CAMPAIGN

## --- SUCCESS OF RUSSIAN RETIREMENT

Paris: It now appears that the chief reason for Germany's abandonment of the submarine "blockade" is the practical wiping out of her undersea fleet. It is authoritatively stated that 54 German submarines have been lost or captured. A naval banquet in England recently celebrated the destruction of the fiftieth enemy submarine.

The submarine strength of Germany last fall was only 36, and although she has been building new vessels as rapidly as possible the opinion here is that her diving boats have practically been swept from the seas, including nine super-submarines launched during the war.

A Washington despatch says a letter from Sir John French, three weeks ago, told of the destruction of 42 submarines by the British alone, while French and Italian destroyers have accounted for a number.

Petrograd: The Russian official communication says: "On the Riga-Dvinsk front, in the region of the village of Linden, our troops, after a stubborn fight, retired on the morning of Sept. 2 to the right bank of the river, after setting fire to the bridge. The fighting continues.

"Between the Sventa and the Villiya rivers our offensive met with fierce resistance. Nevertheless we continued to advance and have captured during the last two days thirteen machine guns, and 300 prisoners, including some officers. Between Villiya and the Niemen and farther to the right as far as Grodno, the situation is unchanged. Near Grodno, toward the evening of the 2nd, the enemy succeeded in throwing a portion of his forces on the right bank of the Niemen. Desperate fighting ensued in the northern and western suburbs."

Geneva: An Austrian officer says the Russian retreat is a masterpiece of terrifying and systematic devastation, recalling the great Russian retreat which ended in the defeat of Napoleon in 1812. An immense sea of fire stretches behind the retiring armies, every village being fired. The Austro-German troops are greatly delayed and are without shelter for days.

Paris: Along the battlefield, from the sector north of Arras to the Aisne river, the great artillery duel is still in progress.

Athens: It is announced that Serbia has accepted in principle the proposals for territorial concessions to Bulgaria as a basis for the participation of the Balkan nations in the war. She stipulates, however, that the new Servian frontier remain in contact with Greece in some parts.

## PROGRESS OF THE GREAT WAR DAY BY DAY

## MONDAY, AUGUST 30

## On Russian Front

Petrograd (official): "In the Riga district the situation is unchanged.

"In the direction of Freidrichstadt, after the last few days of stubborn fighting, our troops have retired further. In the direction of Jacobstadt and also Dvinsk, toward the west, there is no important change.

"On the right of the Vilica and between the Vilica and the Niemen, stubborn fighting continued on the front of Podbrodze to the north of Vilna and Nodoy-Troki and Genchouki and still further up to the Niemen.

"On the front between the sources of the Bohr and Pipel there is no essential change. In the course of Saturday night and Sunday in this region there was only rearguard fighting.

"As a consequence of the enemy massing strong forces south of Vladimir-Volynskiy, with a view to developing an offensive towards Lutsk, Staroe and Rojstche, in an endeavor to turn our right flank in Galicia, we took the necessary measures to change the position of our forces. These changes were executed on Friday and Saturday under cover

of actions northwest of Lutsk."

## Fomenting Balkan Trouble

Bucharest: Germany and Austria are doing everything in their power to bring about war between Bulgaria and her neighbors. A fresh invasion of Serbia, in the opinion of competent critics, will begin in about ten days hence and possibly will be made from the east, enemy forces being taken through the strip of Serbia near the Roumanian frontier into Bulgaria and thence towards Nish.

In the meantime another menace has become known. A great massing of German troops is taking place in the district of Fogaris, on the northwestern frontier of Roumania. Two hundred thousand troops have arrived during the past week at Kronstadt and all Hungarian customs officials have been withdrawn from the frontier, the intermediate district being handed over to the Hungarian military authorities.

## Other War News

London: Heavy fighting in the Dardanelles is reported today, but no details have been made public.

Paris: There has been violent artillery fighting at many points in Argonne, resulting in the seizure of German trenches.

Athens: Greece is sending a sharp protest to Turkey complaining of the persecution of Greeks in Asia Minor. The breaking off of diplomatic relations, followed by declaration of war, is expected.

## TUESDAY, AUGUST 31

## Germans Nearing Grodno

London: The rapid withdrawal of the immense Russian armies on the upper Bug river and in the vicinity of Ziota Lipa is being carried out without serious loss.

East of Warsaw the Germans are advancing.

The fall of Lipsk brings the invading forces nearer Grodno, the last great fortress retained by the Czar's troops.

## British Diver's Daring

Athens: Reports received here indicate that a British submarine entered the harbor of Constantinople, destroying a bridge across part of the harbor by means of a torpedo.

There has been heavy fighting in the Dardanelles, but no reports have been issued by the Allies.

## Airship Sheds Destroyed

Paris: Allied airmen have destroyed Zeppelin aerodromes in (Continued on Page Four)

LOCAL AND DISTRICT  
NEWS PARAGRAPHS

Prince Rupert fair opens on September 22.

Ruddy & MacKay's new motor car is now in service.

Hazelton fishermen are making good catches of trout.

Allan Bate left on Thursday for his home in Ottawa.

J. McDonald, of Smithers, was among Monday's arrivals.

George MacKay, of Pleasant Valley, was in town on Monday.

A party of miners left today to begin work on the Comeau group.

D. M. McQuesten, of Prince Rupert, arrived on Thursday's train.

A movement for the formation in Hazelton of a branch of the Canadian Red Cross is on foot.

A seven-room dwelling is being built on the Cunningham lot, adjoining the Anglican Church.

The duck season opened on Wednesday, but no birds have been bagged in this vicinity as yet.

Mrs. John Newick left on Monday for a visit to her sister, Mrs. (Rev.) R. W. Lee, at Summerland.

Dr. Badgero, the dentist, arrived from Smithers on Monday. He will remain here for two weeks.

Kenneth Morrison returned on Wednesday from Tacla Lake, where he was engaged in forestry work.

Born—At Hazelton Hospital, on Thursday, September 2, a son to Mr. and Mrs. John N. Carr, of Smithers.

Miss Ruth Adams, who has resigned from the Hospital nursing staff, left on Monday for Vancouver.

Wm. Ware, manager of the Hudson's Bay Company's store, left yesterday for Victoria for a brief visit to his family.

A. S. Beaton returned this week from his season's prospecting in the Groundhog district. He reports an exceptionally favorable season. There was little rain, and for 27 days he did not find it necessary to pitch his tent.

## Methodist Church

Rev. W. M. Scott will preach tomorrow evening on the subject: "Two Great Generals."

A mixed quartet will sing. All are cordially invited.

ADVERTISING RATES: Display, \$2.50 per inch per month; Reading Notices, 20 cents per line for each insertion. Legal notices inserted at B. C. Gazette rates.

VOL. V. SATURDAY, SEPTEMBER 4, 1915. No. 1

A branch of live stock raising with which the Canadian farmer is not too well acquainted is dealt with in the latest government agricultural bulletin, which we recommend to the attention of settlers in this part of the province.

"Most parts of Canada where live stock production prevails are suitable to the raising of Angoras, especially if the land is high and dry the greater part of the year. They will withstand the rigor of even the coldest winter and do not require any greater shelter than a shed to protect them from the wind and storm, providing a sufficient quantity of nutritious food and pure water are supplied. The Angora goat performs a two-fold service in the Canadian scheme of farming. It produces a high grade of mohair and at the same time may be used for the destruction of underbrush on lands to be broken for subsequent cultivation." Such is one of the opening paragraphs of Pamphlet No. 12 of the Sheep and Goat Division of the Live Stock Branch devoted to the Angora Goat and general discussion on the methods of management, feeding and breeding and of mohair production, that can be had at no cost whatever by application to the Publications Branch, Department of Agriculture, Ottawa. The pamphlet gives a brief sketch of the origin and history of the Angora, which, from being a native of Turkey in Asia has travelled somewhat extensively into South Africa, is fairly well known in the United States and not as well known in Canada as desirable. Mohair, of which Turkey in times of peace supplies 10,000,000 lbs. annually, South Africa 15,000,000 lbs. and the rest of the world 6,000,000 lbs., is the technical name given the hair of the Angora goat. The word is derived from the French "moher" and, primarily, from the Arabic "mukhayar," meaning mohair cloth. This, with a vast deal more information about a particularly useful goat, is furnished in the pamphlet under our notice. Nature and the necessary treatment for breeding and raising are set forth with details of market possibilities, of shearing, of grading, and of the preparation for shipment. Extracts from letters written by successful breeders in Canada and the United States telling of their experience are printed, as well as some account of the complaints to which the animals are occasionally subjected, with advice as to preventatives and remedies. Illustrations of types and the fleeces carried at various ages lend impression, expression and interest to the pamphlet.

## Coming Immigration

Sir Clement Kinloch-Cooke, M. P., in a treatise on "War Problems and How to Meet Them," declares that "a considerable number of men engaged in the war have already expressed their intention, when free, of transferring themselves and their families either to Canada or Australia." He goes on to say that the example of these will be widely followed, and that in his opinion and in the general opinion of well informed authorities, there will be a remarkable movement to the Overseas Dominions at the close of the war.

## Good Ore on Findlay

Prince George, Aug. 30:—Larry Canty, a pioneer of the Northern interior of British Columbia, who had both feet frozen in the north last winter, reports mining active around Findlay Forks. His syndicate has staked eight claims on Mount Lawrence, and R. D. Fetherstonhaugh of Vancouver has staked ten, besides what he had before. Mr. Fetherstonhaugh,

who has gone to Edmonton, says he will put in a stamp mill next year. One hundred and ten assays of the ore, which is free-milling gold quartz, are said to have averaged four dollars per ton. Mr. Canty says the great need is for roads, Edmonton now getting most of the trade because the railway from there is partly built.

## Benefits Mining

Certainly the war is benefitting the mining industry in an increased market and high prices for metals. Copper has climbed to 20c for electrolytic, the highest price since 1907; lead is quoted at 6c in New York, and zinc is selling around 19c per lb. Molybdenite is quoted in London at \$23 to \$23.50 per unit on 90 per cent ore with a penalty of 25c per unit from that point to 80 per cent. Ferro-molybdenum is quoted at \$4.50 per lb. Aluminum brings \$500 to \$525 a ton, and crude antimony is quoted at \$835 per ton. Nickel brings \$1000 a ton. Bismuth is valued at \$2.50 per lb.—Mining Record.

## WATER NOTICE

TAKE NOTICE that the Grand Trunk Pacific Railway Company, whose address is Winnipeg, Man., will apply for a license to take and use 120 acre feet per annum of water out of Mosquito Lake, also known as Bigelow Lake. The water will be diverted from the Lake at a point about 1,000 feet south of the N.W. corner of the S.W. 1/4 Lot 4266, T.4, R.5, Coast District, and will be used for Railway purposes. This notice was posted on the ground on the 16th day of July, 1915. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Hazelton, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 28, 1915.

The Grand Trunk Pacific Railway Co.,  
Applicant.  
52-3 By H.H. Hansard, Agent.

## LAND NOTICES

Hazelton Land District, District of Cassiar.

Take notice that Charles F. Law, of Vancouver, occupation broker, intends to apply for permission to purchase the following described lands:

Commencing at post planted on the north shore of Tacla Lake, one mile east of Driftwood River, thence 80 chains west, 40 chains north, 80 chains east, 40 chains south to point of commencement, containing 320 acres more or less.

July 24, 1915. Charles F. Law, Applicant.

Hazelton Land District, District of Cassiar.

Take notice that Frank Wooliver, of Vancouver, occupation prospector, intends to apply for permission to purchase the following described lands:

Commencing at a post planted on the north shore of Tacla Lake, one mile east of Driftwood River, thence south 80 chains, east 40 chains, north 80 chains, west 40 chains, to point of commencement, containing 320 acres more or less.

July 24, 1915. Frank Wooliver, Applicant.

The Miner is two dollars a year.

## Synopsis of Coal Mining Regulations.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.  
N.B.—Unauthorized publication of this advertisement will not be paid for.  
58782.

## NOTICE TO DELINQUENT CO-OWNERS

To George Fryer and H. A. Wilson, or to any person or persons to whom you or either of you may have transferred your interests. Take notice that J. the undersigned co-owner with you in the North Star No. 1 and North Star No. 2 Mineral Claims, situated on Skeena mountains in the Hazelton Mining Division of Ontario, District of British Columbia, have done the required amount of work on the above mentioned claims for the year ending August 22, 1915, in order to hold the same under section 24 of the Mineral Act, and if within 90 days of the publication of this notice you fail or refuse to contribute \$100.00 your portion of such expenditure, together with the costs of this advertisement, your interests in the said mineral claims will become the property of the undersigned, under section 23 of the Mineral Act.

Dated at Skeena Crossing, B.C., this 23rd day of August, 1915. M.H. Jamieson, Co-owner.

## The World's Doings in Brief

News Notes from Many Sources

Sir Wilfred Laurier is ill of neuralgia.

Lord and Lady Aberdeen are to visit Canada this fall.

The Sheik-ul-Islam has declared a holy war against Italy.

Saskatchewan wheat will average 20 bushels to the acre.

There is a keen demand in England for Canadian apples.

A serious prairie fire occurred some miles north of Winnipeg.

Greece has agreed to a strict suppression of trade in contraband.

Canada will establish a hospital near Paris for wounded French soldiers.

Five thousand persons were rendered homeless by floods in Arkansas.

Savings bank deposits in Canada are \$20,000,000 greater than a year ago.

The U.S. submarine F-4, sunk last March near Honolulu, has been raised.

Eighteen Montreal firemen were injured by the collapse of a burning building.

Full packs of salmon are reported from nearly all the Skeena canneries.

Lieut.-Col. Leckie, of Vancouver, has been made a brigadier-general, for services at the front.

New Zealand will impose a super-tax of 50 per cent on all importations from hostile countries.

Through service on the Canadian Northern will be started this month, according to Sir William Mackenzie.

It is rumored that Premier Goremykin, of Russia, will resign, owing to criticisms of his munitions policy.

Arriving at Jaurez on Monday, General Villa ordered the shooting of thirty-two persons, for political reasons.

Madame Melba has given \$152,500 to the British Red Cross, that being the total receipts for her recent world tour.

It is proposed to remove a Mennonite colony of 300 from Saskatchewan to the Stuart river district of Northern B.C.

Following Canada's example, South Africa is providing money for a large number of machine guns for the use of her troops.

The proposal is made that the province should build or purchase shipping for the carriage of lumber and other products of B.C.

Sufficient machine guns for the use of the Canadian soldiers have been provided by public subscription, and the militia department is now asking that future

subscriptions be devoted to the establishment of a disablement fund for the assistance of incapacitated soldiers.

The steamer Admiral Watson was sunk in Seattle harbor, in a collision resulting from the heavy smoke overhanging the Sound.

A vote on prohibition will be taken in Newfoundland in November. The approval of forty per cent of the electorate is required.

British Columbia prohibitionists are organizing for the approaching campaign, and are demanding an early plebiscite on the liquor question.

In Zeppelin raids in England 89 men, women and children have been killed and 220 injured. Not one soldier or sailor has been even wounded.

The United States proposes a convention under which the customs and finances of Hayti shall be administered by an American receiver-general.

Alvo von Alvensleben, a German well known in British Columbia, is now prominent in the pro-German propaganda in the United States.

On Monday a carrier pigeon arrived at Los Angeles, having made the flight of 2200 miles from Norfolk, Ohio, in five days, nine hours, 31 minutes.

British Columbia lumbermen have pooled their production, to fill war orders for thirty million feet of lumber at the rate of a million feet a day.

Great Britain has laid a second line of nets across the channel from Scotland to France, to prevent German submarines interfering with shipping.

The number of letters and postcards mailed in Canada has fallen off thirty per cent. Business depression and the war tax are the reasons given.

Ex-President Taft proposes that the United States take steps for the formation of a league of nations for the arbitration of international quarrels.

A grand jury which investigated the lynching of Leo Frank, in Georgia, reported on Thursday that it had been unable to find evidence to indict anyone.

Major General Hughes, Canadian minister of militia, will henceforth be known as Sir Samuel Hughes, the King having conferred on him the order of the Bath.

The greatest drop in the price of flour since the war began was noted on Tuesday, when it fell from \$7 to \$6.25 a barrel. The price at the beginning of the war was \$5.80.

## HUNTING

The season will soon be open, and you will need some of the following:

## THE MINER WAR BULLETINS

(Continued from Page One)

Belgium, by dropping inflammable bombs.

Residents of Maasbode report that Allied aviators attacked and destroyed a large aircraft building in Ghent.

## Seeking a Scapegoat

Washington: It is learned from German sources that the commander of the submarine which sunk the Arabic is to be courtmartialled and punished for disobedience of orders.

## Coal Strike Ended

London. It is believed the British government has come to a decision in the matter of national service. Instead of conscription, each district will be required to furnish a certain number of men from time to time.

The government has taken over the South Wales coal mines, thus ending the dispute which caused the miners to strike.

## WEDNESDAY, SEPT. 1

## A Russian Success

Petrograd: Successful Russian counter-attacks on a wide front in the Stripa river district, in eastern Galicia, are reported in a Russian official statement given out here today. The Russians claim to have captured 3000 prisoners, thirty cannon and thirty-four machine guns.

## Progress of Retreat

London: The Russian rear-guards are making desperate resistance to the efforts of von Hindenburg's southern wing and Prince Leopold of Bavaria's troops to cut off the Russians who are still clinging to Vilna and Grodno, according to the Times. The nature of the ground greatly aids the Russians in their task of regrouping in their new positions in the rear. The latest movement of Field-Marshal von Mackensen's army against the trunk line between Kovel and Kiev, which might isolate the Russian troops in Galicia, is regarded seriously in Petrograd, but the broken and woody nature of the ground is expected to retard the advance in this direction.

It is persistently rumored that President Rodzianko, of the Duma, will shortly be appointed premier with wide powers as to the formation of a cabinet.

## Arabic's Assassin Sunk

London: The German submarine which sank the Arabic was herself sunk the same day by a British patrol boat while attacking the Houlder liner Nicotian. Information given on the same day to Washington says the submarine was sunk near the spot where the Arabic was sunk.

## Serbia is Agreeable

Paris: The Servian government has been informed that Greece will comply with the requests of the Allies in regard to the concessions to Bulgaria.

## Japs Will Give Aid

Paris: It is believed Japan will assist in the forcing of the Dardanelles, according to a statement made by Baron Hayashi, Japanese ambassador, who says Japan has not ceased to collaborate with the Allies. "The world will be astonished when it learns what she has done and will do. We must not allow the enemy to profit by giving information as to the movement of our troops."

## Warning Before Attack

Washington: Ambassador von Bernstorff today informed Secretary of State Lansing that the German government accepts the principle that passenger liners should be warned before being attacked by submarines.

## Noted Airman Killed

Paris: Adolphe Pegoud, the famous aviator, has been killed, at the age of 26. He brought down his sixth German aircraft on July 11.

## THURSDAY, SEPT. 2

## Advancing in Gallipoli

London: An official statement has been received from Gallipoli peninsula, where British forces are operating against the Turks. The report says: "Further fighting on the 27th and 28th on the northern sector of the line has resulted in the capture of an important tactical point commanding the Buvaik Anafarta valley to the east and north and an appreciable gain of ground by the Australians and New Zealand troops. The fighting was almost entirely hand-to-hand and of a severe character, very heavy losses being inflicted on the Turks and three of their guns, three trench mortars, three hundred rifles, five hundred bombs and a large quantity of small arms ammunition captured by us."

Four more Turkish transports have been sunk in the Sea of Marmora by British submarines.

## Russians Defeat Enemy

Petrograd: The total number of Austro-Germans made prisoners exceeds 100 officers and 7,000 men, of whom one-third are Germans. This is the outstanding feature of an official statement last night.

The statement says: "On the right bank of the Meretchanka river the fighting is still of the same desperate character. One of our regiments, which had been surrounded by the enemy, broke through and annihilated a German battalion, taking seventy prisoners. The enemy made the most stubborn attacks on August 30-31, in the districts of Radziechow, Zoltycheff and Zberow, at Bourkanoff on the Stripa and at Boutchatch. The enemy was repulsed everywhere, suffering enormous losses."

## Confidence in Russians

London: The Russians are developing unexpected strength in the north, where they continue to hold Von Hindenburg's forces back. Near Vilna the Grand Duke's soldiers scored a success over the Germans. There is growing confidence in the outcome of the Russian campaign.

A report in Berlin says the Germans have captured the outer forts at Grodno.

## FRIDAY, SEPT. 3

## Turks Hemmed In

Paris: An important part of the Turkish forces on the Gallipoli peninsula has been surrounded by the Allies and its surrender is imminent, says an Athens despatch.

The struggle for the crest of Sadi Bahr is said to have been

the greatest "soldiers' battle" since Inkerman.

## Grodno Evacuated

Petrograd: An official communication made public last night by the Russian war office announces the evacuation of the fortress of Grodno by the Russian forces, and the retirement of the troops to the right bank of the Niemen river. The statement says: "Near Grodno, after having held the enemy as long as was considered necessary, in order to enable us to evacuate this point, our troops on the night of Sept. 1, crossed to the right bank of the Niemen river. To the south of Grodno, on the whole front as far as the Pripet river, the situation is without essential change."

In the south, the forces under Ivanoff are retiring slowly to the Galician border, harrying the advancing Germans by frequent and vigorous counter-attacks.

## Big Guns Busy

London: On the western battle-front, which has of late seen little but heavy artillery exchanges, a tremendous big gun duel is now in progress. The object is not yet is not yet apparent.

## Has Tirpitz Resigned?

Amsterdam: It is reported today that Von Tirpitz, admiral of the German navy, has resigned, as a result of the failure of his submarine campaign against Britain. Von Pohl, commander of the battleship fleet, is his successor, the report says.

## Capture Many Divers

New York: An officer of the White Star line says the submarine which destroyed the Arabic was captured in a steel net. The vessel was one of the largest, carrying a double crew for training.

Within the last sixty days the British have captured fifty German submarines.

## "WAKE UP, ENGLAND"

ROBERT BRIDGES, Poet Laureate.

Thou careless, awake!  
Thou peacemaker, fight!  
Stand, England, for honor,  
And God guard the Right!

Thy mirth lay aside,  
Thy cavil and play:  
The foe is upon thee,  
And grave is the day.

The monarch's Ambition  
Hath harnessed his slaves;  
But the folk of the Ocean  
Are free as the waves.

For Peace thou art armed  
Thy Freedom to hold:  
Thy Courage as iron,  
Thy Good-faith as gold.

Through Fire, Air and Water  
Thy trial must be:  
But they that love life best  
Die gladly for thee.

The Love of their mothers  
Is strong to command;  
The fame of their fathers  
Is might to their hand.

Much suffering shall cleanse thee,  
But thou through the flood  
Shall win to Salvation,  
To Beauty through blood.

Up, careless, awake!  
Ye peacemakers, fight!  
ENGLAND STANDS FOR HONOR  
OR

GOD DEFEND THE RIGHT!

PRINCE RUPERT FAIR  
WELL WORTH SEEING

A highly successful fair, with splendid exhibits from the interior, is predicted for Prince Rupert by A. J. Prudhomme, of the coast city, who arrived here yesterday from the Bulkley Valley, where he spent several days. The exhibition, which opens on September 22, is going to be well worth visiting, Mr. Prudhomme says, and large parties of visitors from all points tributary to Rupert will be on hand.

One of the attractions, it is expected, will be a baseball tournament, in which the Hazelton, Ketchikan and Prince Rupert teams will play.

## Alleged Boodlers Arrested

Winnipeg, Sept. 3:—Ex-Premier Roblin and Hon. J.H. Howden, Dr. Montague and G.R. Coldwell, former cabinet ministers, appeared before Sir Hugh John Macdonald, police magistrate, on charges of conspiracy to defraud the province. They were remanded, being allowed bail of \$50,000 each.

## Smokes for Soldiers

Although other important funds have claimed attention, the soldier's tobacco fund is not being overlooked in Hazelton. Substantial sums to purchase smokes for our boys at the front have been collected and forwarded by Government Agent Hoskins, the Union Bank, and Mrs. Hogan and Miss Goddard of the Hospital.

## A Fatal Fire

San Francisco, Sept. 4:—St. Francis school for girls was burned this morning. Through the heroism of Sister Mary Agnes, 52 children and six blind adults were saved. At least two were burned.

The Ivanhoe concentrator at Sandon was destroyed by fire on Tuesday.

## Gun Fund Acknowledged

The acting minister of militia has acknowledged the contribution of \$1000 by the people of Hazelton and vicinity, for the purchase of a machine gun. The department will purchase the gun, which will be sent to one of the British Columbia battalions now at the front, as a gift from this district.

## Popular at Front

Returning from the battlefield to London a few days ago, General Hughes said:

"Every one in the Canadian lines is interested and enthusiastic about the machine gun campaign in Canada. There is no question that more of these will save many hundreds of lives. I saw a plan of the German trench which is opposite the Canadians, and there seemed to be a machine gun placed every few yards. In some spots there were groups of three or four."
